### Reviewer's report:

General

-----  
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----  
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----  
Discretionary Revisions (which the author can choose to ignore) I recommend to compare values with age matched reference values

**What next?:** Accept without revision

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** Yes, and I have assessed the statistics in my report.
