

Reviewer's report

Title: Relationship between dialkylphosphate metabolites of organophosphates and seminal quality in pesticide applicators in Majes-Arequipa, Peru: a cross sectional study

Version: 2 **Date:** 5 June 2008

Reviewer: Niels Jørgensen

Reviewer's report:

Especially the problem with possible false significant findings and the tables that are too detailed make me suggest that a revised version of the manuscript ought to be reviewed again.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
