Title: Ancillary human health benefits of improved air quality resulting from climate change mitigation

Authors:

Michelle L Bell (michelle.bell@yale.edu)
Devra L Davis (dld20@pitt.edu)
Luis A Cifuentes (lac@ing.puc.cl)
Alan J Krupnick (krupnick@rff.org)
Richard D Morgenstern (morgenstern@rff.org)
George D Thurston (thurston@env.med.nyu.edu)

Version: 4 **Date:** 29 July 2008

Author's response to reviews:

Changes to Table format have been made as requested. The editor also asks that headings after the conclusions section be changed "as required." We compared our headings to those in the online template, and are unclear as to what problems exist with our current headings. We are glad to make further changes if specific instructions are provided.
